EOT Project
The best places in Malaysia to visit

By Ahmed Abdulsattar

What is the topic of my project and why have I chosen this topic?

Before we can travel to Malaysia we should know some information about the best places to travel in Malaysia. This project will evaluate some web sites that help us to get information about Malaysia.

Here are some web pages that were relevant to my topic:

1. **Travel in Malaysia**
http://www.malaysiabanner.com/travel

2.Malaysia Tourism Portal
http://www.virtualmalaysia.com/

3. **Forestry Department Peninsular Malaysia**
http://www.forestry.gov.my/

Summary: best sites to use for a project, and my least favorite one

site	rating	Evaluating overview	Useable ?
travel in Malaysia	85	highest marks on all criteria except domain name	Yes
Malaysia Tourism Porta	82	It's good but doesn't answer my question	Yes
Forestry Department Peninsular Malaysia	70	Normal site but doesn't answer my question , hard to find information and not sure about the information accurate	possibly

Conclusion

The page that seemed most relevant to my project while remaining easily for me was " travel in Malaysia"." I gave this site an 85 rating. I thought that "Malaysia Tourism Portal" is good one but it doesn't answer my questions. I thought the other sites all presented that information in more easily accessible form.
