How computer games affect young people

By Mohammed Saif 599 032c

MY topic

The negative effects of computer games on young people and how they are affected?

Computer games have lots of negative effects on young people and this may affect them in the future. Playing violent computer games has bad effects on young people it effects their imaginary and lead them to do violent things and it may effect the mentally.

Here are some relevant to my topic:

- Computer Games: Youth culture, resistant readers and consuming passions.
